

# Global Warming!

**JAPAN TEAM**

# Cause of global warming

- CO<sub>2</sub>
- Freon gas
- deforestation

# *Influences of the global warming*

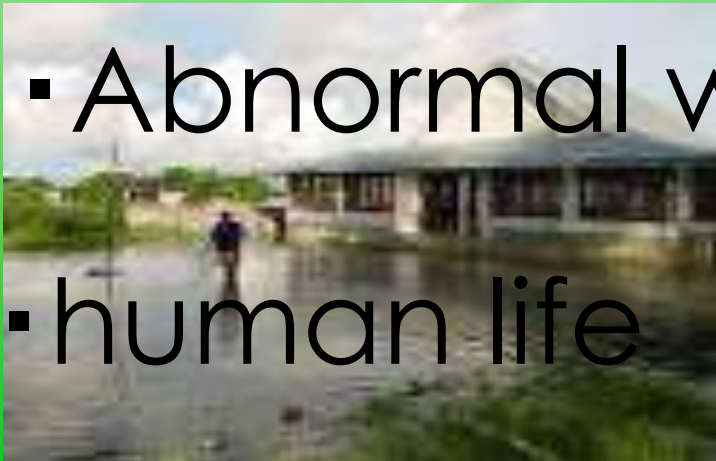

- Sea level rise  
(melting of ice)

- Extinction of animals  
and plants

- Abnormal weather

- human life and economy

# Countermeasure

## Japan decided...

- Japanese General Policy for Promoting Measures against Global Warming
- Law Concerning the Promotion of the Measures to Cope with Global Warming

# Green Walls

Green  
Feather

# ★ Sweden

→ *Has the lowest Co2 emission in the world*

## © Commute

- go on **foot** or by **bicycle**
- take **trains** with **wind turbine generator**
- use public **buses** with **biogas fuel**

**Because** they have to pay Co2 tax  
when they buy gasoline

# \* Against Garbage Problem

- **User fees** system for waste disposal
- **Separate** garbage into **100** groups
- **Recycle rate**  
of house hold garbage

= **96** %

# ★ London, UK

- Tax about 10 pounds a day  
(about 16.25 dollars, 15,700 rupiah)

- The Green Homes Concierge Service

- Biomass power stations

# What can we do?

## ▼ Our Actions

**R**educe

**R**euse

**R**ecycle

# Save Electricity

- Turn Off Lights
- Turn Down AC
- Solar Panels

# Save Water

- Not Waste Water
- Not Use Liquid Soap

# ▼ Our Ideas

- Using shopping bags

- Establishing Deforestation Tax System
- Making photosynthesis machines

# Emission Trading

Developed Country

Just paying money

~~Solve~~

We should **COOPERATE**

# ***This Big International Problem***

→ Should Be Solved By

## **All of Us**

Let's take eco action  
in each place

A group of eleven diverse dolls, representing various ethnicities and cultures, are arranged in a circle holding hands. In the center of the circle is a small, stylized globe of the Earth. The dolls are dressed in traditional or cultural clothing from different parts of the world. The background is a solid blue color.
